A MESSAGE FROM

USHE President Rebecca Weidler

Hello USHE Community,

Thank you for your support and participation in the May Conference 2026. The USHE Board of Directors is committed to making our conferences successful! A special thank you goes to our Board volunteers who work behind the scenes to bring these conferences to life three times a year. These events require an incredible amount of time and dedication, and we truly appreciate all the work that you do.

We also extend our thanks to our USHE Professional Members and Sponsors for your continued contributions to our community. We would not be here without your support!

I hope that you are all doing well and are enjoying the summertime. I love the warm weather and longer days. I love spending time with family and friends listening to outdoor music, hiking, paddleboarding, playing volleyball, and enjoying the sunshine both poolside and along shorelines. Take some time this summer to slow down and make some new memories with those you care about! Be safe everyone!

All the best,

Rebecca Weidler, USHE President

USHE is the local chapter of the American Society of Healthcare Engineering. ASHE, that is dedicated to optimizing the health care physical environment.
