

Welcome to the **BOILER LAB!**

CLASS SCHEDULE

7am *Breakfast*
8am *Class Starts*
12pm *Free Lunch*
4pm *Class Ends*

Step into our **LIVE-FIRE BOILER LAB** and see how these gas-fired machines work *on the inside!* We'll fire up a **copper tube, near-condensing boiler**, a **cast-iron condensing boiler**, and a **stainless-steel condensing boiler**. This time around, we won't just be looking at pictures and running numbers, we'll be adjusting fuel-to-air ratios and testing theories in real-time! How can you make your boiler more efficient? We're gonna **SHOW** you!

Complimentary breakfast, lunch, beverages, & snacks are provided for all attendees, who also qualify for **8 hrs of Continuing Education credits**.

COURSE TOPICS

- *The cause and effects of improper combustion*
- *How to give your boiler the BEST FLOWRATE*
- *The dangers and advantages of cold return water temperatures*
- *Flue-gas condensate: What is it and what does it mean?*
- *Take DIRECT CONTROL over the thermal efficiency of your boiler!*

It's going to be a *great* class! I look forward to seeing you in the IHS Training Theater at 2310 S 1300 W, West Valley, UT 84119!
